

# PROVIDER BULLETIN

No. 09-16

April 21, 2009

TO: All Medicaid Providers

FROM: Vivianne M. Chaumont, Director   
Division of Medicaid & Long-Term Care

BY: Nola Pollmann, Program Specialist, RN   
Physical Health Services Unit  
Division of Medicaid & Long-Term Care

RE: Radiology Management Program

The Nebraska Medical Assistance Program intends to contract with MedSolutions to implement a radiology prior authorization (PA) program effective July 1, 2009. MedSolutions is a radiology services organization that specializes in managing diagnostic services.

For all MRI's, MRA's CT scans, CTA's, and PET scans performed on or after July 1, 2009, ordering providers will be required to request prior authorization from MedSolutions. MedSolutions will begin accepting prior authorization requests on July 1, 2009, for dates of service beginning July 1, 2009. Medicaid will provide a grace period to allow providers sufficient time to acclimate to the change. Providers will be required to submit prior authorizations during this grace period. Medicaid will not deny any claims for these services performed from July 1<sup>st</sup> through July 31<sup>st</sup> due to no prior authorization. However, beginning on August 1, 2009, any claims that are submitted for these radiological services for dates of service August 1, 2009, and thereafter without prior approval will be denied.

Exclusions from the PA requirement will be:

1. scans performed as an inpatient hospital service,
2. scans performed as an emergency room service, and
3. scans for Medicaid recipients who are also covered by Medicare.

MedSolutions will soon be sending you more information to facilitate a smooth and successful transition to our radiology management program.
